

FEE PROTECTION SERVICE

2022/23

PROTECT YOURSELF TODAY

Our fee protection service will meet unwanted and unexpected professional fees in the event HMRC undertakes a compliance check

A check can be much more than just querying a single aspect of your tax return. It could be a review of the whole return and all the records. That might include VAT and PAYE records or even involve an inspection by a team of HMRC officers.

HMRC raise billions of pounds through tax enquiries and accordingly devote significant resource and effort to these activities. Even if no additional tax is assessed, it is not unusual for in-depth tax enquiries to last for well over a year and run up fees of thousands of pounds.

Once an enquiry has successfully concluded no additional tax may be due, but if you don't subscribe to our fee protection service you would still have your professional fees to pay.

Our service means you don't have to worry about these costs.

HOW WE CAN HELP

If you subscribe to our fee protection service, we can help from the moment the enquiry letter arrives.

It will protect you from unwanted professional fees and allow us to:

1. Check HMRC is entitled to investigate the tax return selected and challenge them if not
2. Assist you with PAYE and VAT compliance visits
3. Ensure the tax inspector only asks for relevant information and documents
4. Respond to telephone calls, emails, letters, compliance fact sheets and notices issued by HMRC
5. Provide supporting information from our files relating to when your accounts were drawn up
6. Prepare for and attend face to face meetings with the tax inspector
7. Argue any complex or technical tax cases raised during the enquiry
8. Handle any settlement negotiations all the way through to a successful conclusion.

Full details of what is covered and our terms and conditions are given in the [service summary](#).

Please note that our fee protection service may be restricted where we also provide a client with statutory audit services. Under ethical standards we are not able to adopt an advocacy position on behalf of an audit client with HMRC or any other regulatory authority. Most HMRC enquiries do not progress to a point where we need to adopt an advocacy position, but in the event we believe this is likely we will contact you to discuss. If we cannot act / continue to act for you because of this ethical restriction we may need to refer you to an alternative adviser of similar standing to Moore Kingston Smith. The benefit of our Fee Protection Service will continue with any alternative adviser in that you will not be charged fees for their services provided these remain within the terms of the [service summary](#).
